

Minutes of Liver and Kidney sub-Committee Jeevandan Meeting with Principal Secretary, Health Medical & Family Welfare ,Chairman CTAC Jeevandan held on 4th October 2014 at Trauma center, NIMS Hospital

Members attended:

1. Sri. Suresh Chanda – Principal Secretary HM & FW – Chairman CTAC, Jeevandan
2. Dr. L. Narendhranath – Director, NIMS, Co-Chairman AACT Jeevandan
3. Dr.G. Swarnalatha , Senior Medical Professional, I/C Jeevandan

Kidney Sub-Committee:

4. Dr. P.V.L.N. Murthy, Prof & HOD Urology NIMS
5. Dr. Gangadhar Associate Professor Nephrology NIMS
6. Dr. Manisha Sahay, Professor Nephrology OGH
7. Dr.Rajasekhar Chakravarthy Nephrology Care Hospital
8. Dr. Purna Paritala Nephrology KIMS
9. Dr. Sreedhar Reddy Nephrology KIMS

Liver Sub-Committee:

10. Dr. Panduranga Rao OGH
11. Dr. Ravindranath Global Hospital, Lakdika pool
12. Dr. Balbheer Sigh Global Hospital, Lakdika pool
13. Dr. Tom cherian Global Hospital, Lakdika pool
14. Dr. Pradeep Rebala Asian Institute of Gastroenterology
15. Dr. Manish Varma , Apollo Hospital Jubilee hills
16. Dr. Raja Sekhar , Apollo Hospital Jubilee hills
17. Dr, Srinivas Prabhu Chava KIMS
18. Dr. Sharath Reddy KIMS

1 Kidney allocation guidelines priory score for previous graft failure

Kidney and liver subcommittee members discusses extensive about the present score system for the kidney allocation and the requirement of additional score for previous graft failure.

A. The score presently followed is

- | | | |
|-----|----------------------|------------------------------------|
| i. | Cytotoxic antibodies | 1-point for each 10% more than 50% |
| ii. | Age: 3-5 Years | 3 points |
| | 6-10 years | 2 points |

	11-45 years	1 points
iii.	Period on dialysis	0.1 per month of including all days of temporary suspension from the list. waiting time starts from day of active listing
iv.	Period of Registration	0.1 per each month from the date of registration
v.	Previous failed graft primary graft failure (nonfunctioning within 3 months of transplantation)	
	Live related renal transplantation	2
	Live unrelated renal transplantation	2
	Deceased donor transplantation	2
vi.	HLA Match	1 per each Antigen
vii.	Identical Age group (± 10 years]	2
viii.	Previous kidney donor	3

B. New Age scoring recommended by the committed is as follows

- i. Age 3- 10 years – Score 3
- ii. 11-20 Years – Score 2
- iii. 21- 40 years – Score 1

C. Scoring for previous graft failure recommended by the committee is as follows

- i. Graft failure within 3 months of live related or unrelated transplantation- Score 3
- ii. Graft failure from 3 months to 1 years of live related or unrelated transplantation- Score-2
- iii. Graft failure after 1 years of live related or unrelated transplantation- Score-1
- iv. Graft failure after deceased donor transplantation at any time – Score 1

2. Multi organ translation

A. Multi-organ transplantation shall be considered for Kidney–liver and, Simultaneous Kidney pancreas transplantaion

B. The OTC pool Liver and Kidney shall only be allocated for Multi-organ transplantation on priority basis

C. If there are many multi-organ recipients registered in an OTC, then the OTC shall allocate liver – kidney to the recipient according to liver priority.

D. General pool Liver and kidney shall not be allocated to multi-organ recipient on priority basis, however if general pool kidney has been allocated to Hospital which has multi-organ recipient the hospital can consider multi-organ recipient dragging general pool, kidney.

E. General pool kidney, if utilized by the Hospital for multi-organ recipient as mentioned in 2D above, that hospital shall pay back either OTC or general pool kidney.
